Baumit. Ideas with a future.

WELCOME

Moving into 2023, I would like to start by thanking all of our customers for the support you have shown Baumit during the positive transition period in 2022. The Baumit UK team has a number of new faces but the 'customer centric' mindset very much remains in place and the new colleagues bring a new focus and drive to further improve service levels. This is echoed by the corporate vision of the Baumit group as shown below.

A number of projects and enhancements are planned for 2023:

- New innovative products launched
- Further BBA's to expand our product usage across all sectors
- ISO certification and industry body membership
- New internal systems and processes to aid our focus of support
- Specification focus to bring leads to our customers
- Significant investment in our warehouse, c. 650m² of mezzanine space to double our stock holding
- Focus on our market leading training with further Academies planned across the British Isles

With utility prices showing no signs of decreasing anytime soon, the need to insulate our homes is becoming ever more critical. With the ECO4 and ECO+ Government backed schemes presenting the case for fabric first before looking at any other green system, Baumit's EWI solutions should certainly be considered by homeowners looking to improve their homes energy credentials. Throughout 2023, Baumit UK will be looking to educate the general public on the benefits of external wall insulation and demonstrate the savings it offers.

So 2023 is going to be another year of exciting developments and enhancements. As always, we love to hear feedback from our customers and welcome the opportunity to understand how we can support you, so please do get in touch with myself, or the team.

David Stolton
Managing Director

"We empower our partners to build healthy, energy efficient and beautiful homes for a sustainable future."

At Baumit, we are committed to beauty and sustainability in the areas of construction and living since the beginning. We have been striving to develop and produce sustainable products that meet the highest quality standards and aesthetic demands. Conducting research in our unique VIVA Research Park helps us to constantly examine and improve our products as well as to come up with innovative solutions for healthy, energy efficient and beautiful homes. We see it as part of our vision to pass on this knowledge from over 30 years of experience in form of high-quality systems and services to our partners for building a sustainable future together.

3 Elements
of Healthy Living

After many years of intensive research, analysing and evaluating millions of data, it clearly demonstrated that construction methods and building materials have a significant impact on health and quality of life. Regardless of which design you choose when building a house, all 3 criterias have to be taken into account to create a healthy living environment:

INSULATION FIRST
Protection and comfort

INTERIOR VALUES
Natural and healthy living

SOLIDITY COUNTS
Safety and comfort

INSULATION FIRST

Protection and cosiness

Good thermal insulation not only makes a significant contribution to the energy efficiency of your building, but also ensures pleasantly warm walls in winter and pleasantly cool walls in summer. The living space thus becomes a comfortable space with no draughts. Living becomes more comfortable and healthy.

INTERIOR VALUES

Natural and healthy living

A good interior mineral plaster system can act as a buffer for any peaks in humidity by absorbing excessive air humidity into the first few centimetres and releasing it again later. This guarantees a constant level of air-humidity, ensuring a healthy indoor climate.

SOLIDITY COUNTS

Safety and comfort

Solid walls, as well as solid ceilings and floors, can be externally protected with good thermal insulation so they store heat in the winter and keep the coolness in the house in summer. The more mass, the more effective the thermal storage and the more stable, pleasant and healthy the indoor climate.

Façade Primers & Additives

Baumit MultiPrimer

Water vapour permeable primer for solidification of mineral and organic surfaces, before application of Baumit façade renders and paints. Ideal for high suction backgrounds.

- Compacting surface - Universal use - Diffusion open

MultiPrimer	10 l	
Consumption:	approx. 0.10 – 0.25 /m² (depending on dilution)	**Product Code**
Yield:	approx. 40 – 100 m²/canister	**040510**
Packaging:	10 l canister, 1 pallet = 40 canisters = 400 l	

Baumit FillPrimer

Ready-to-use, crack-filling, fiber-reinforced, universal primer for outside and inside. Fills and covers cracks up to 0.5 mm. Solvent free.

- Crack-filling - Fiber-reinforced - Solvent free

FillPrimer	25 kg	**Product Code**
Consumption:	approx. 0.30 kg/m² (on smooth surfaces applied in 1 layer)	**040100**
Yield:	approx. 80 m²/bucket	
Packaging:	25 kg bucket, 1 pallet = 32 buckets = 800 kg	

Baumit SanovaPrimer

Silicate primer for stabilising sandy, mineral plasters. Suitable for lime/cement and chalky plasters.
Can also be used as thinner for Baumit SanovaColor.

- Solidifying surfaces - For mineralic substrates - Silicate based

SanovaPrimer	10 l	**Product Code**
Consumption:	approx. 0,20 l/m² per painting	**040711**
Yield:	approx. 6 - 10 m²/canister	
Packaging:	10 l canister, 1 pallet = 40 canisters = 400 l	

Baumit SuperPrimer NEW

Ready-to-use, high quality, solvent-free primer filled with quartz sand, especially for weak and non-absorbent surfaces on walls and floors indoor and outdoor.

- Universal adhesive bridge - Especially for weak and non-absorbent surfaces - Solvent-free

SuperPrimer	20 kg	**Product Code**
Consumption:	approx. 0.3 kg/m² (depending on substrate)	**040326**
Packaging:	20 kg bucket, 1 pallet = 32 buckets = 640 kg	

Baumit PremiumPrimer

Ready-to-use, universally usable primer to equalize absorption and acts as bonding agent for all Baumit ETIC- and plaster systems. The added grain makes it easier to apply and structure all top coats. Can be coloured - see product data sheet for detailed information.

- Excellent absorption equalizer - Ideal bonding agent - For a perfect structure

PremiumPrimer	20 kg	**Product Code**
Consumption:	approx. 0.2 – 0.4 kg/m² depending on the substrate	**040120**
Yield:	approx. 50 – 100 m²/bucket	
Packaging:	20 kg bucket, 1 pallet = 32 buckets = 640 kg	

PremiumPrimer	5 kg	**Product Code**
Consumption:	approx. 0.25 kg/m² depending on the substrate	**040105**
Yield:	approx. 20 m²/bucket	
Packaging:	5 kg bucket, 1 pallet = 64 buckets = 320 kg	

Baumit UniPrimer

Ready-to-use, all-purpose primer to regulate absorbtion and improve adhesion for all Baumit render finishes and Baumit façade paints.

- Regulates absorbtion - Proven and safe - Solvent-free

UniPrimer	25 kg	**Product Code**
Consumption:	approx. 0.20 – 0.4 kg/m² depending on the substrate	**040325**
Yield:	approx. 62 – 125 m²/bucket	
Packaging:	25 kg bucket, 1 pallet = 32 buckets = 800 kg	

UniPrimer	5 kg	**Product Code**
Consumption:	approx. 0.20 – 0.25 kg/m²	**040305**
Yield:	approx. 20 – 25 m²/bucket	
Packaging:	5 kg bucket, 1 pallet = 64 buckets = 320 kg	

SUBSTRATE PREPARATION

Baumit FungoFluid

Remediation solution for treating façade surfaces with fungal or algae growth, solvent free.

▪ For beautiful façades ▪ Treatment against algae and fungi ▪ Ready to use

FungoFluid	10 l	Product Code
Consumption:	approx. 0.05 – 0.1 l / m² (depending on dilution)	040731
Yield:	approx. 100 – 200 m²/canister	
Packaging:	5 l canister, 1 pallet = 128 canisters = 640 l	

Baumit AntiSulfat

Aqueous solution for the chemical treatment of lead salts (sulphates and chlorides) for masonry renovation.

AntiSulfat	5kg	Product Code
Consumption:	approx. 0.5 - 0.8kg/m² (depending on substrate)	040741
Yield:	approx. 6.0 - 10m²/canister	

COLD WORKING ADDITIVES

Baumit SpeedTop

Ready to use additive for SilikonTop and GranoporTop. Provides accelerated film forming properties, enhanced durability on the façade in high humidity and low temperatures, as well as in fog. Can be added in temperatures of >+1°C and <15°C and with relative humidity of <95%.

SpeedTop	250 ml	Product Code
Consumption:	One bottle (= 250 ml) per 25 kg SilikonTop or GranoporTop	971414

ADHESIVES AND BASE COATS

Baumit StarContact White

Top quality adhesive and reinforcing mortar with white cement, especially for Baumit StarSystems. Complying, with a high degree of safety, to all parameters required by the new European Assessment Document for External Thermal Insulation Composite System (EWI). Very flexible, extremely weather-resistant, with excellent workability, guaranteeing long lasting performance. Formulated for demanding applications, weather conditions during processing and demanding substrates.

- Extra flexible • White • High resistance

StarContact White	25 kg	Product Code
Consumption:	As adhesive: approx. 4.0 – 5.0 kg/m²	050325
	As base coat: approx. 5.0 – 6.0 kg/m²

	As base coat: approx. 4.2 – 5.0 m²/bag	
Packaging:	25 kg, 1 pallet = 42 bags = 1.050 kg	

Baumit StarContact

Flexible, mineral-based, dry adhesive and basecoat render for Baumit EWI systems. Also suitable as a bonding mortar onto concrete. Suitable for use as a part of Baumit StarSystem, StarSystem Mineral, StarSystem Nature and Plinth System. Compliant with ETAG 004 European System Standards for EWI systems with rendering.

StarContact White	25 kg	Product Code
Consumption:	As adhesive: approx. 4.0 – 5.0 kg/m²	050525
	As base coat: approx. 5.0 – 6.0 kg/m²	
Yield:	As adhesive: approx. 5.0 – 6.25 m²/bag	
	As base coat: approx. 4.2 – 5.0 m²/bag	
Packaging:	25 kg, 1 pallet = 42 bags = 1.050 kg	

ADHESIVES AND BASE COATS

Baumit MultiContact MC 55 W

Natural-white, fibre-reinforced multi-purpose bonding mortar. Suitable as a remediating render over existing stable, mineral and synthetic-resin-based plasters, renders and paintwork. Also suitable as a keying coat on concrete and insulating boards or as a finish render on concrete form-work and fair faced masonry. System component of Baumit StarSystem Nature.

Baumit MultiContact MC 55W	25 kg	Product Code
Consumption:	As adhesive: approx. 4.0 – 5.0kg/m²	100125
	As basecoat: approx. 5.0 – 5.5kg/m²	
Yield:	As adhesive: Approx. 5.0 – 6.25m²/bag	
	As basecoat: approx. 4.5 - 5.0kg/m²/bag	
Grain size:	0 - 1.2mm	
Packaging:	25 kg, 1 pallet = 42 bags = 1.050 kg	

BASE COATS

Baumit PowerFlex

Ready-to-use, cement-free, fibre-reinforced, organic base coat. Specially developed for Baumit PowerSystem due to high impact resistance. Complies with all requirements of ETAG 004.

- Highly shockproof • Cement-free • Fibre-reinforced

PowerFlex	25 kg	Product Code
Consumption:	approx. 4.0 - 5.0 kg/m²	051025
Yield:	approx. 5.0 - 6.25 m²/bucket	
Packaging:	25 kg bucket, 1 pallet = 32 buckets = 800 kg	

ADHESIVES

Baumit SupraFix

Mineral-based, dry adhesive for bonding façade insulation boards on to wooden substrates (eg. OSB, chipboard) or on to bituminous substrates.

- For wooden substrates • High adhesion • Flexible

SupraFix	25 kg	Product Code
Consumption:	approx. 2.0 – 4.5 kg/m²	051325
Yield:	approx. 5.0 – 12.5 m²/bag	
Packaging:	25 kg, 1 pallet = 54 bags = 1.350 kg	

Baumit BituFix 2K

Two-component, polystyrene-filled, solvent free, for cold application rubber modified bituminous thick coating. For use in bonding Baumit Plinth Insulation board onto bituminous sealant background.

- For Plinth insulation board

Baumit BituFix 2K	30 l	Product Code
Consumption:	approx. 4 – 8 l/m²	071130
Yield:	approx. 4 – 7.5 m²/bucket	
Packaging:	30 l bucket, 1 pallet = 12 buckets = 360 l	

SEALANTS

Baumit DS 26 Flex

Cementitious waterproofing layer in the Plinth area. Apply with a brush, roller or trowel.

Baumit DS 26 Flex	20 kg	Product Code
Consumption:	approx 1.2kg/m²/mm	071120
Yield:	approx 8m²/bag /2mm	
Packaging:	20kg, 1 pallet = 48 bags = 960kg	

Insulation Boards

EPS INSULATION BOARD

Baumit openTherm reflectair (OpenSystem)

Grey, water vapour permeable, perforated EPS boards. Part of the ultimate highly breathable EWI system Baumit OpenSystem, with improved thermal insulation. Compliant with ETAG 004 European System Standards for EWI systems with rendering.
Size: 500 x 1000mm. and demanding substrates.

- High thermal insulation ▪ Highly vapour permeable

WOOD FIBRE INSULATION BOARDS

Baumit StarTherm Nature (StarSystem Nature)

Wood fibre façade insulation board: The core of the Baumit StarTherm Nature EWI System is the Baumit StarTherm Nature wood fibre insulation board. This multi-layered insulation board is produced without any artificial binders and is bound using the timber's own lignin.
Size 1350 x 600.

Wood Fibre Board / Thermal conductivity: λ = 0.040 W/mK

Mesh & Fixings

GLASS FIBRE MESH
Baumit StarTex Fine 160

Flexible and alkali-resistant glass fibre mesh. Tested system components for the reinforcement of Baumit renders onto Baumit EWI systems. Compliant with ETAG 004 European System Standards for EWI systems with rendering.
Tear resistance > 2.0 kN/5 cm. Weight: approx. 160 g/m²

StarTex 160		Product Code
Mesh:	approx. 4 x 4.5mm	**070250**
Consumption:	approx. 1.1m²/m²	
Yield:	approx. 45m²/roll	
Packaging:	Roll: 50m² (width 100cm), 1 pallet = 30 rolls = 1500m²	

Baumit StarTex Grob/CeramicTex

Flexible and alkali-resistant glass fibre mesh. Tested system components for the reinforcement of Baumit renders onto Baumit EWI systems.
Tear resistance > 2.2 kN/5 cm. Weight: approx. 200 g/m²

StarTex 200		Product Code
Mesh:	approx. 6.5 x 7mm	**070275**
Consumption:	approx. 1.1m²/m²	
Yield:	approx. 45m²/roll	
Packaging:	Roll: 50m² (Width 100 cm), 1 pallet = 20 rolls = 1000m²	

Baumit StrongTex 300

Flexible and alkali-resistant, reinforced glass fibre mesh for use as an extra reinforcing layer over the normal reinforcement mesh.
Tested system components. Tear resistance > 3.4 kN/5 cm. Weight: approx. 300 g/m²

StrongTex 300		Product Code
Mesh:	approx. 6 x 6mm	**070299**
Consumption:	approx. 1m²/m²	
Yield:	approx. 25m²/roll	
Packaging:	Roll: 25m² (Width 100 cm), 1 pallet = 30 rolls = 750m²	

STARTRACK

For use with Baumit StarSystem EPS and openSystem

Baumit StarTrack X1

Additional mechanical fastening as an alternative to conventional dowelling for concrete. Due to the powder-actuated tool, powered by Hilti, there is no more need to drill and fix the anchor separately. Just fix Baumit StarTrack X1 in one application step.

Baumit StarTrack X1		Product Code
Field of application:	concrete	**070541**
Usage category:	A	
Consumption:	min. 6 adhesive anchors/m2 (1 carton for approx. 50 m2)	
Carton:	400 pieces, 1 pallet = 24 cartons = 9.600 pcs.	

Baumit StarTrack Orange

Supplementary mechanical fitting as an alternative to traditional fixings, for use with perforated building materials, aerated concrete and critical backgrounds. Existing render up to max. 40mm can be bridged. Drill diameter: 8mm.

Baumit StarTrack Orange		Product Code
Anchor depth in supporting background: > 40mm/ > 65mm in aerated concrete		**070540**
Shaft length:	88mm

Consumption:	6 StarTrack/m² (1 Carton for approx. 50m²)	
Quantity per box:	Carton 300 pcs, 1 pallet = 12 cartons = 3600 pcs	

Baumit StarTrack Red

Supplementary mechanical fitting as an alternative to traditional fixings. For use with perforated and solid masonry and concrete.
Existing render up to max. 40mm can be bridged. Drill diameter: 8mm.

Baumit StarTrack Red		Product Code
Anchor depth in supporting background: > 40mm		**070510**
Shaft length:	88mm

Consumption:	6 StarTrack/m² (1 Carton for approx. 50m²)	
Quantity per box:	Carton 300 pcs	

Baumit StarTrack Blue

Supplementary mechanical fitting as an alternative to traditional fixings. For use on concrete and stone backgrounds.
Drill diameter: 8mm.

Baumit StarTrack Blue		Product Code
Anchor depth in supporting background: > 40mm		**070520**
Shaft length:	55mm	
Bore hole depth:	min. 60mm	
Consumption:	6 StarTrack/m² (1 Carton for approx. 50m²)	
Quantity per box:	Carton 300 pcs	

Baumit StarTrack Duplex

Supplementary mechanical fitting as an alternative to traditional fixings, for use when installing Baumit EWI systems over existing external insulation. Drill diameter: 8mm.

Baumit StarTrack Duplex		Product Code
Anchor depth in supporting background: > 40mm		**070531**
Shaft length:	138mm	
Bore hole depth:	min. 150 - 155mm	
Consumption:	6 StarTrack/m² (1 Carton for approx. 33m²)	
Quantity per box:	Carton 200 pcs

COMPANY NOTES

Our General Terms and Conditions of Sale and Delivery shall apply exclusively (see page 145).

Material consumption information
All material consumption figures are for guidance only. The actual rate depends on the type and nature of the substrate and the application technique.

Application procedures
Application procedures shall be in accordance with the applicable regulations and the respective Baumit product data sheets, which can be found on our website.

ISO 9001
Baumit Beteiligungen GmbH is ISO 9001 certified.

CE Marking
As a matter of course, Baumit products meet all necessary national and EU-wide requirements, including CE marking.

Material returns and restocking fees
All goods ordered and correctly delivered will be charged and are only returnable by agreement. Products may be returned if they are unopened, in a suitable condition and returned within 8 weeks from delivery date. **Tinted product and non-stock items are non-returnable under any circumstances.** 20% restocking fee will apply.

Pallets
Pallets, pallet wrapping/foils and airbags will be supplied as required and will be charged at the rates agreed.

Colour Shades
Baumit Life is the basis of all coloured façade renders and paints. Detailed information is shown on the respective product pages.
Other colours are available on request.
The colour fan is not a 100% representation of what will be applied to the wall, samples can be provided on request.
The appearance of colours can be effected by grain size, texture, application technique and size of area of application.
No liability is accpeted for such variations.
We recommend a physical colour sample be requested before ordering coloured product.
No liability is accepted for colour variations and the customer should satify themselves that the colour is in line with their expectations before placing the order.

Ex-Stock colours
White (0019) – NB. Due to the use of natural ingredients, there may be slight colour variations.

Pre-order colours
All colours except white (0019).

Cancellation fees
For cancellation of orders, and when the ordered goods are not picked up within 21 days, a cancellation fee will be charged.

Lead times
Goods for collection can be collected no sooner than 2 hours after the order confirmation is received. Orders made after 12pm will be despatched the following working day.

Re-ordering
When re-ordering, note that slight colour variations are possible. Colour uniformity is assured only within a single batch.

Material consumption
The consumption values indicated in this Catalogue are intended for guidance only. An allowance for over-usage of about 10 % may be taken for estimating purposes. The consumption data is dependent on the roughness and porosity of the substrate and the application technique employed.

Colour surcharges
Baumit Life colour system: No surcharge
Other colours: Surcharges fees on request

Mould and algae
Baumit SilikonTop, SilikatTop, GranoporTop, PuraTop and CreativTop are formulated with basic biocide additives to protect against algae and fungal attack. Thus mould and algae repellency is achieved.

For projects with critical environmental conditions (such as above-average exposure to moisture, rainfall, proximity to water, natural habitats, forest locations, in a house near shrubs and trees and vegetation, etc.) and for the renovation of algae and/or fungus-infested façades we recommend additional rates.

Surcharge fees for additional biocide are available on request. When ordering please specify with addition algae & fungus protection. Please note that a permanent protection against algae and/or fungus can not be guaranteed. Will be one pallet per product, with the exception of bucket products.

COMPANY NOTES

Minimum order quantities
As laid out in the customer price list.

Colour samples
Please refer to the samples section on page 3.

Minimum thickness for EWI
Please consult applicable national approval certificates for details of the minimum permitted thickness of decorative finishes for use in external wall insulation systems. Unless otherwise specified, the minimum thickness is 1.5mm (scraped texture). If the maximum aggregate size of the finish coat is less than 1.5mm then a multilayer application is required to achieve the required minimum thickness.

Deliveries
Delivery contact details must be provided at the point of order. Deliveries are made via the pallet network and third party couriers and transit times are not guaranteed. Some goods from the same order may be delivered by different delivery methods. It is the customers responsibility to inspect the goods at the time of receipt and report any issues within one working day. Failed deliveries are chargeable and will incur a redelivery charge.

Baumit Warranty App
All customers who complete the Baumit Approved training course run via the Academy will gain access to the Baumit Warranty app. Our app provides you with a warranty checklist which allows you to automatically produce your own warranties simply and easily. 2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.2 The Order constitutes an offer by the Customer to purchase Goods and (where applicable) receive the Services in accordance with these Conditions.

2.3 The Order shall only be deemed to be accepted when Baumit issues written acceptance of the Order or, if no written acceptance is issued, when the Goods are delivered to the Customer at which point and on which date the Contract shall come into existence. Any such Contract shall be subject to clauses 2.7 and 9.4.

2.4 The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of Baumit which is not set out in the Contract.

2.5 Any samples, drawings, descriptive matter or advertising issued by Baumit and any illustrations or descriptions of any Services contained in Baumit's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Services and/or Goods described in them. They shall not form part of the Contract or have any contractual force.

2.6 Any quotation given by Baumit shall not constitute an offer, and is only valid for the period specified in the quotation.

2.7 Baumit shall be under no obligation to supply any Goods (even after acceptance of an Order) which are subsequently withdrawn from supply or altered by the manufacturer/distributor of those Goods. In such circumstances Baumit will give the Customer as much notice of such withdrawal as is reasonably possible in the circumstances of the non-availability or alteration of such Goods.

3 Use of Goods

3.1 Since the conditions of work on construction sites and the areas of application for Baumit's products can vary greatly, Baumit can only give general guide-lines as part of its processing instructions for the Goods. Should the Customer be planning to use the Goods in circumstances where special requirements may apply which will lie outside the normal ranges of application and working conditions covered by Baumit's processing instructions, then Baumit's advice on the particular case should be obtained before processing is commenced.

3.2 Statements on consumption and yield given in Baumit's processing instructions are mean, empirical values. Baumit shall have no liability if the consumption or yield on a particular structure or for a particular application is greater or less than the statement made in our processing instructions.

3.3 The advice, guidance and information provided by Baumit is issued only for the purposes of guidance. Baumit gives no warranty in respect of any advice, guidance or information given by Baumit and the Customer should make its own enquiries and reach its own conclusions as to the suitability and use of the Goods for any particular purpose. The provision of any such advice, guidance and information shall not in any way commit Baumit to supply the Goods.

3.4 Should the Customer desire specific detailed advice, then the provision of this will beagreed between Baumit and the Customer in a separate written agreement. Baumit shall only have liability for specific advice to the extent provided in these terms and conditions and in the written agreement with the Customer.

4 Delivery of Goods

4.1 Unless agreed otherwise delivery of Goods shall be Ex-Works. Baumit shall issue the Customer with a notice that the Goods are ready for collection and specifying where they can be collected from. Subject to clauses 4.2 and 4.6 (a) delivery shall take place when the Customer (or any third party engaged by the Customer) collects the Goods from the venue specified in the notice.

4.2 If Baumit agrees to arrange for delivery to the Customer this will be on the basis that delivery will be CFR (Incoterms 2010) in which case delivery shall take place when the Goods pass the ships rail at the port of shipment.

4.3 Baumit shall ensure that each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Supplier reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered.

4.4 Any dates quoted for delivery of the Goods are approximate only, and the time of delivery is not of the essence.

4.5 Baumit shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide Baumit with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.6 If the Customer fails to collect the Goods within 10 Business Days of the date of the notice that the Goods are ready for collection in accordance with clause 4.1) then: (a) delivery of the Goods shall be deemed to have been completed at 9.00 am on the tenth Business Day following the day on which Baumit notified the Customer that the Goods were ready; and (b) Baumit shall store the Goods until delivery takes place, and charge the Customer for all related costs and expenses (including insurance).

4.7 Baumit may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

5 Quality of Goods

5.1 Baumit warrants that on delivery the Goods shall: (a) conform in all material respects with their description and, if applicable, the Specification; (b) be free from material defects in design, material and workmanship; and (c) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979);

5.2 The Customer shall examine the Goods on Delivery and shall give notice in writing to Baumit within 7 days of delivery of any defect (insofar as the same could be detected on proper investigation) which means that some or all of the Goods do not comply with the warranty set out in clause 5.1. If the defect could not be detected on proper investigation the Customer shall give written notice to Baumit of such defect within 14 days of discovery. If the Customer fails to give notice of any defect within the requisite period it shall be deemed to have waived its rights in respect of that defect.

5.3 Following any notice given by the Customer in accordance with clause 5.2 then provided that the Customer shall: (a) Give Baumit a reasonable opportunity to examine such Goods; and/or (b) (if asked to do so by Baumit) return to Baumit samples of such Goods and details of the batch number of those Goods, then Baumit shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

5.4 Baumit shall not be liable for the Goods' failure to comply with the warranty in clause 5.1 if:
(a) the Customer fails to comply with clause 5.3(a) or 5.3 (b);
(b) the Customer makes any further use of such Goods after giving a notice in accordance with clause 5.2;
(c) the defect arises because of a failure by the Customer or any end user to follow Baumit's written processing instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice;
(d) the defect arises as a result of Baumit following any information, drawing, design or specification supplied by the Customer;
(e) the Customer alters or repairs such Goods without the written consent of Baumit;
(f) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal working conditions;
(g) the defect arises from defective processing or the use of unsuitable additives or the mixing or any other combination of the Goods with those of any third party manufacturer (save for any third party product which Baumit has explicitly approved in writing)
(h) the Goods differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory standards.

5.5 Except as provided in this clause 5, Baumit shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 5.1.

5.6 The terms of these Conditions shall apply to any repaired or replacement Goods supplied by Baumit under clause 5.2.

6 Title and risk

6.1 The risk in the Goods shall pass to the Customer on the date of delivery.

6.2 Title to the Goods shall not pass to the Customer until Baumit has received payment in full (in cash or cleared funds) for: (a) the Goods; and (b) any other goods that Baumit has supplied to the Customer.

6.3 Until title to the Goods has passed to the Customer, the Customer shall: (a) hold the Goods on a fiduciary basis as Baumit's bailee; (b) store the Goods separately from all other goods held by the Customer so that they remain readily identifiable as Baumit's property; (c) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods; (d) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price on Baumit's behalf from the date of delivery; (e) notify Baumit immediately if it becomes subject to any of the events listed in clause 13.1(b) to clause 13.1(l); and (f) give Baumit such information relating to the Goods as Baumit may require from time to time, but the Customer may resell or use the Goods in the ordinary course of its business.

6.4 If before title to the Goods passes to the Customer the Customer becomes subject to and of the events listed in clause 13.1(b) to clause 13.1(l), or Baumit reasonably believes that any such event is about to happen and notifies the Customer accordingly, then, provided the Goods have not been resold, or irrevocably incorporated into another product, and without limiting any other right or remedy Baumit may have, Baumit may at any time require the Customer to deliver up the Goods and, if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

7 Services

7.1 Baumit may provide the Services to the Customer consisting of the provision of advice, guidance and training in respect of the Goods or any other service specifically agreed between the parties.

7.2 Baumit shall have the right to make any changes to the Services which are necessary to comply with any applicable law or safety requirement.

7.3 Unless explicitly agreed otherwise in writing by Baumit the Services provided by Baumit are for advice, guidance, information and training purposes only and the Customer should not rely on any such information provided by Baumit.

7.4 To the maximum extent permitted by law Baumit gives no warranty (whether express or implied) in respect of any advice, guidance, information and training or other Services given by Baumit to the Customer. The Customer acknowledges that it must make its own enquiries and rely on its own findings and conclusions as to the suitability, operation and use of the Goods or any other matter in relation to which Services are provided by Baumit.

7.5 Without prejudice to clause 7.3 and 7.4 Baumit shall have no liability to Baumit for any failure of the Services which results from reliance by Baumit on any information from the Customer or any other third party.

8 Customer's obligations

8.1 The Customer shall:
(a) ensure that the terms of the Order and (if submitted by the Customer) the Specification are complete and accurate;
(b) co-operate with Baumit in all matters relating to the Contract;
(c) provide Baumit with such information and materials as Baumit may reasonably require to supply the Goods, and ensure that such information is accurate in all material respects.

8.2 If Baumit's performance of any of its obligations under the Contract is prevented or delayed by any act or omission by the Customer or failure by the Customer to perform any relevant obligation (Customer Default):
(a) Baumit shall without limiting its other rights or remedies have the right to suspend performance of the Contract until the Customer remedies the Customer Default, and to rely on the Customer Default to relieve it from the performance of any of its obligations to the extent the Customer Default prevents or delays Baumit's performance of any of its obligations;
(b) Baumit shall not be liable for any costs or losses sustained or incurred by the Customer arising directly or indirectly from Baumit's failure or delay to perform any of its obligations as set out in this clause 8.2; and
(c) the Customer shall reimburse Baumit on written demand for any costs or losses sustained or incurred by Baumit arising directly or indirectly from the Customer Default.

9 Charges and payment

9.1 The price for Goods shall be the price set out in the Customer price list. The price of the Goods is exclusive of all costs and charges of packaging, insurance, transport of the Goods which will be charged separately by Baumit.

9.2 Any charges for Services shall be agreed on a case by case basis between the parties.

9.3 Baumit reserves the right to amend the Customer price list at any time to reflect any increase in the cost of the Goods to Baumit that is due to any factor beyond the control of Baumit (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing or transport costs).

9.4 Baumit reserves the right to amend the price of an accepted Order at any time to reflect any increase in the cost that is due to: (i) any request by the Customer to change the delivery date(s), quantities or types of Goods (or any Services) ordered, or the Specification for the same; or (ii) any delay caused by any instructions of the Customer in respect of the Goods or failure of the Customer to give Baumit adequate or accurate information or instructions in respect of the Goods.

9.5 Baumit shall invoice the Customer on or at any time after the date of delivery of the Goods.

9.6 The Customer shall pay each invoice submitted by Baumit:
(a) within 30 days of the date of the invoice; and
(b) in full and in cleared funds to a bank account nominated in writing by Baumit, and time for payment shall be of the essence of the Contract.

9.7 All amounts payable by the Customer under the Contract are exclusive of amounts in respect of value added tax chargeable from time to time (VAT). Where any taxable supply for VAT purposes is made under the Contract by Baumit to the Customer, the Customer shall, on receipt of a valid VAT invoice from Baumit, pay to Baumit such additional amounts in respect of VAT as are chargeable on the supply of the Goods (or Services) at the same time as payment is due for the supply of the Goods (or Services).

9.8 Without limiting any other right or remedy of Baumit, if the Customer fails to make any payment due to Baumit under the Contract by the due date for payment (Due Date), Baumit shall have the right to charge interest on the overdue amount at the rate of 4 per cent per annum above the then current HSBC Bank plc base rate accruing on a daily basis from the Due Date until payment of the overdue amount, whether before or after judgment, and compounding quarterly.

9.9 The Customer shall pay all amounts due under the Contract in full without any deduction or withholding except as required by law and the Customer shall not be entitled to assert any credit, set-off or counterclaim against Baumit in order to justify withholding payment of any such amount in whole or in part. Baumit may, without limiting its other rights or remedies, set off any amount owing to it by the Customer against any amount payable by Baumit to the Customer.

9.10 Baumit may in its absolute discretion at any time either before or after acceptance of an Order from the Customer require payment be made in advance of delivery of any Goods or Service or alternatively Baumit may require the Customer to provide such security for payment as Baumit shall in its discretion demand. Failure to make payment in advance or provide security after demand shall be a material breach of the Contract which shall permit Baumit to terminate the Contract in accordance with clause 13.1(a).

10 Intellectual property rights

10.1 All intellectual property rights (including patents, copyrights and related rights, trade marks, trade, business and domain names, rights in goodwill, registered and unregistered design rights, rights in confidential information (including know-how and trade secrets) and any other intellectual property rights) in or arising out of or in connection with the Goods and Services (including, without limitation, all drawings and designs supplied by Baumit) shall be owned by and remain the property of Baumit.

11 Confidentiality

A party (Receiving Party) shall keep in strict confidence all technical or commercial knowhow, specifications, inventions, processes or initiatives which are of a confidential nature and have been disclosed to the Receiving Party by the other party (Disclosing Party), its employees, agents or subcontractors, and any other confidential information concerning the Disclosing Party's business or its products or its services which the Receiving Party may obtain. The Receiving Party shall restrict disclosure of such confidential information to such of its employees, agents or subcontractors as need to know it for the purpose of discharging the Receiving Party's obligations under the Contract, and shall ensure that such employees, agents or subcontractors are subject to obligations of confidentiality equivalent to those which bind the Receiving Party. This clause 11 shall survive termination of the Contract.

12 Limitation of liability:

THE CUSTOMER'S ATTENTION IS PARTICULARLY DRAWN TO THIS CLAUSE

12.1 Nothing in these Conditions shall limit or exclude Baumit's liability for:
(a) death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors; (b) fraud or fraudulent misrepresentation; (c) breach of the terms implied by section 2 of the Supply of Goods and Services Act 1982 (title and quiet possession); (d) breach of the terms implied by section 12 of the Sale of Goods Act 1979 (title and quiet possession); or (e) defective products under the Consumer Protection Act 1987.

12.2 Subject to clause 12.1:
(a) Baumit shall under no circumstances whatever be liable to the Customer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit, or any indirect or consequential loss arising under or in connection with any Contract; and
(b) Baumit's total liability to the Customer in respect of all other losses arising under or in connection with any Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed the amount paid by the Customer in respect of that Contract.

12.3 Except as set out in these Conditions, all warranties, conditions and other terms implied by statute or common law are, to the fullest extent permitted by law, excluded from each Contract.

12.4 This clause 12 shall survive termination of the Contract.

13 Termination

13.1 Without limiting its other rights or remedies, each party may terminate a Contract with immediate effect by giving written notice to the other party if:
(a) the other party commits a material breach of its obligations under the Contract and (if such breach is remediable) fails to remedy that breach within 14 days after receipt of notice in writing of the breach;
(b) the other party suspends, or threatens to suspend, payment of its debts or is unable to pay its debts as they fall due or admits inability to pay its debts or (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986 or (being a partnership) has any partner to whom any of the foregoing apply;
(c) the other party commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors other than (where a company) for the sole purpose of a scheme for a solvent amalgamation of that other party with one or more other companies or the solvent reconstruction of that other party;
(d) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the other party (being a company) other than for the sole purpose of a scheme for a solvent amalgamation of the other party with one or more other companies or the solvent reconstruction of that other party;
(e) the other party (being an individual) is the subject of a bankruptcy petition or order;
(f) a creditor or encumbrancer of the other party attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days;
(g) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the other party (being a company);
(h) a floating charge holder over the assets of the other party (being a company) has become entitled to appoint or has appointed an administrative receiver;
(i) a person becomes entitled to appoint a receiver over the assets of the other party or a receiver is appointed over the assets of the other party;
(j) any event occurs, or proceeding is taken, with respect to the other party in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 13.1(b) to clause 13.1(i) (inclusive);
(k) the other party suspends, threatens to suspend, ceases or threatens to cease to carry on, all or substantially the whole of its business; or
(l) the other party (being an individual) dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his own affairs or becomes a patient under any mental health legislation.

13.2 Without limiting its other rights or remedies, Baumit shall have the right to suspend the supply of Services or all further deliveries of Goods under the Contract or any other contract between the Customer and Baumit if: (a) the Customer fails to make pay any amount due under the Contract on the due date for payment; or (b) the Customer becomes subject to any of the events listed in clause 13.1(b) to clause 13.1(l), or Baumit reasonably believes that the Customer is about to become subject to any of them.

14 Consequences of termination

On termination of the Contract for any reason:
(a) the Customer shall immediately pay to Baumit all of Baumit's outstanding unpaid invoices and interest and, in respect of Goods supplied but for which no invoice has yet been submitted, Baumit shall submit an invoice, which shall be payable by the Customer immediately on receipt;
(b) the Customer shall return all materials which have not been fully paid for. If the Customer fails to do so, then Baumit may enter the Customer's premises and take possession of them. Until they have been returned, the Customer shall be solely responsible for their safe keeping and will not use them for any purpose not connected with the Contract;
(c) the accrued rights and remedies of the parties as at termination shall not be affected, including the right to claim damages in respect of any breach of the Contract which existed at or before the date of termination or expiry; and
(d) clauses which expressly or by implication have effect after termination shall continue in full force and effect.

15 General

15.1 Force majeure:
(a) For the purposes of the Contract, Force Majeure Event means an event beyond the reasonable control of Baumit including but not limited to strikes, lock-outs or other industrial disputes (whether involving the workforce of the party or any other party), failure of a utility service or transport network, act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation or direction, accident, breakdown of plant or machinery, fire, flood, storm or default of suppliers or subcontractors.
(b) Baumit shall not be liable to the Customer as a result of any delay or failure to perform its obligations under the Contract as a result of a Force Majeure Event.
(c) If the Force Majeure Event prevents Baumit from providing any of the Services and/or Goods for more than 30 days, Baumit shall, without limiting its other rights or remedies, have the right to terminate the Contract immediately by giving written notice to the Customer.

15.2 Assignment and subcontracting:
(a) Baumit may at any time assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights under the Contract and may subcontract or delegate in any manner any or all of its obligations under the Contract to any third party.
(b) The Customer shall not, without the prior written consent of Baumit, assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract.

15.3 Notices:
(a) Any notice or other communication required to be given to a party under or in connection with the Contract shall be in writing and shall be delivered to the other party personally or sent by prepaid first-class post, recorded delivery or by commercial courier, at its registered office (if a company) or (in any other case) its principal place of business, or sent by fax to the other party's main fax number. (b) Any notice or other communication shall be deemed to have been duly received if delivered personally, when left at such address or, if sent by prepaid first-class post or recorded delivery, at 9.00 am on the second Business Day after posting, or if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed, or if sent by fax, on the next Business Day after transmission. (c) This clause 15.3 shall not apply to the service of any proceedings or other documents in any legal action. For the purposes of this clause, „writing" shall not include e-mails and for the avoidance of doubt notice given under the Contract shall not be validly served if sent by e-mail.

15.4 Waiver and cumulative remedies:
(a) A waiver of any right under the Contract is only effective if it is in writing and shall not bedeemed to be a waiver of any subsequent breach or default. No failure or delay by a party in exercising any right or remedy under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor preclude or restrict its further exercise. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.
(b) Unless specifically provided otherwise, rights arising under the Contract are cumulative and to not exclude rights provided by law.
15.5 Severance:
(a) If a court or any other competent authority finds that any provision of the Contract (or part of any provision) is invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed deleted, and the validity and enforceability of the other provisions of the Contract shall not be affected.
(b) If any invalid, unenforceable or illegal provision of the Contract would be valid, enforceable and legal if some part of it were deleted, the provision shall apply with the minimum modification necessary to make it legal, valid and enforceable.

15.6 No partnership: Nothing in the Contract is intended to, or shall be deemed to, constitute a partnership or joint venture of any kind between any of the parties, nor constitute any party the agent of another party for any purpose. No party shall have authority to act as agent for, or to bind, the other party in any way.

15.7 Third parties: A person who is not a party to the Contract shall not have any rights under or in connection with it.

15.8 Variation: Except as set out in these Conditions, any variation, including the introduction of any additional terms and conditions, to the Contract shall only be binding when agreed in writing and signed by Baumit.

15.9 Governing law and jurisdiction: The Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with, English law, and the parties irrevocably submit to the exclusive jurisdiction of the courts of England and Wales.
